Our Favourite

Estrella Inedit

Inedit is a different beer, made with two types of beer: traditional malted-barley beer and wheat beer. This wheat, or white, beer is in the style of Witbier, originally from Belgium and made with unmalted wheat.

Using unmalted wheat gives this beer more body and a softer, fuller mouthfeel. Created by Ferran Adrià, the world's most award-winning chef; Inedit was created to pair with a wide variety of culinary creations, even the most complicated citrus-based dishes or ones with bitter notes. Fantastic with starters, salads and oily fish, its versatility means it can also be paired with spicy or sweet-and-sour flavours. A highly dynamic beer that goes perfectly with the whole taste range.

El Draque Mojito

Cachaça, Brown Sugar, Lime & Mint

The Mojito has many theories of where it originates from, the 'El Draque' Mojito originates from Sir Francis Drake with his privateer naming this cocktail after his mentor. Sir Francis was well known for his nickname 'The Dragon', this historic Mojito really brings a lime endured kick to the Cachaça rum, so this gave the perfect similarity on the concoction designed for Drake himself.

The drink itself was created to unsettle a stomach problem Drake had on one of his ventures by his Privateer and cousin Richard Drake. The drink was created using local sources from the venture, these included a Brazilian spirit made from pure sugar cane, fresh lime and mint. Hundreds of years after the death of Sir Francis Drake the Cachaça based remedy was being consumed by native Caribbean Settlers as a refreshing drink.

Scottish Single Malts

The Scots have been at the very pinnacle of whisky production for many years. Scotland is recognised all over the world for their diverse regions producing different types of high quality whisky, and throughout the country there are 6 whisky regions. The same basic process is used to produce whisky across the country but subtle variations mean single malts from each region have unique characteristics and flavours. The region should always be considered when choosing a whisky but by no means should it be used as the only guideline.

Highland

The highlands are by far the largest whisky region; the region itself stretches from the north of Glasgow to the north most tip of the east coast. The Highlands offer the most variation in style due to the large proximity covered, this would be why 25% of all whiskies made are produced from the Highland region.

- Glenmorangie 12 (40.0% ABV)	£6.00
- Dalwhinnie 15 (43.0% ABV)	£8.00
- Oban 14 (43.0% ABV)	£10.00

Island

Island whiskies are in a very diverse region, but are renowned for their richness in character. Smokiness is the recurring theme as is the balance. Due to the diversity there are no outlined rules for the island, as the production methods differ greatly.

- Talisker 10 (45.8% ABV)	£8.00
- Highland Park 12 (40.0% ABV)	£6.00
- Highland Park 18 (43.0% ABV)	£19.00

Lowland

Lowlands is the second biggest whisky region in Scotland in terms of the area covered, but in terms of distilleries it is one of the smallest. The region itself borders a top of England and north towards Glasgow and the Highlands. Lowland whiskies are formidably known for being light and gentle as well as offering very little peat.

- Auchentoshan 12 (40.0% ABV)	£6.00
- Glenkinchie 12 (43.0% ABV)	£9.50

Islay

The Scottish island of Islay is located to the west of the mainland, it is the smallest region in terms of area in Scotland. The tiny island itself contains eight distilleries, each with their own unique smoky character; these whiskies offer a complexity behind all their peat.

- Laphroaig 10 (40.0% ABV)	£7.00
- Bowmore 12 (40.0% ABV)	£7.00
- Lagavulin 16 (43.0% ABV)	£10.00

Speyside

The region of Speyside is located in the north east of Scotland surrounding the River Spey. It is home to the largest number of distilleries in Scotland, with most of the world's famous whiskies coming from Speyside. Speyside whiskies are known for being subtle and a great entry level whisky for any beginner.

The Nose: Warm banana bread studded with candied walnut comes to the fore, joined by the rich sweetness of golden syrup and the mellow vanilla of a coke float, balanced out with just a hint of sourness.

The Palate: A rich spice travels through the mid-palate, rounded out with a smooth viscosity that engulfs the whole mouth with an exceptional creaminess. On the back palate, a slightly dry mouthfeel melts into an enveloping luxuriance with warming notes of vanilla, toasted nuts and the joyful memories of campfire-roasted s'mores.

The Finish: A medium to long finish of roasted chestnuts and a hint of spice calls to mind the warm embrace of home during the Festive season.

Brugal 1888

Founded in 1888 by Don Andres Brugal. Brugal has been producing exceptional rums for five generations. This expression has the mantra of staying true to the original production methods of Don Andres. With every raw ingredient and every step in the production of Brugal rum is sourced and processed on the Dominican Republic. Using a combination of bourbon and sherry casks in its double aging process, this produces an exceptional rum bursting with flavour. Perfect served neat, with ice or as a partner in a variety of cocktails.

Connie Glaze

Using British wheat slowly filtered through golden sand from the Camel Estuary and distilled with purified water. Tarquin's Distillery has created a deliciously smooth vodka that captures the essence of the Cornish coastline that inspired Tarquin Leadbetter.

Our Favourite

Don Julio 1942

A handcrafted tribute to the year that Don Julio Gonzalez began his Tequila-making journey.

Distilled in their Pot Still Number 6, which produces only 3 barrels per cycle, making Don Julio 1942 a very exclusive spirit indeed. Aged a minimum of 2.5 years in American white oak barrels, creating a tequila with extraordinary taste, depth and smoothness.

A rich caramel and chocolate nose, with a warm oak profile and lasting vanilla finish.
