SPA

Make time for yourself

We've made a significant investment to make BSpa even better than before. With new areas and luxurious experiences, BSpa has everything you need to unwind, relax and refresh your mind and body.

With everything from a communal steam room & two types of saunas to a Himalayan Salt Room, an ice fountain and experience shower, we have added a wide range of luxury spa facilities you can choose between to find peace and soothe your mind & body.

De-stress in our new Himalayan Salt Room, which promotes healthier skin, good sleep and overall wellness. Relax, unwind & be pampered in one of our treatment rooms. Sit back in our relaxation room and outdoor hydrotherapy hot tub overlooking the Mercedes-Benz World track.

BSpa now features two types of communal sauna; an infra-red & Finnish sauna both of which offer de-tox benefits & boost your metabolism. Adjacent to our new, larger communal steam room is our experience shower and ice fountain.

Gently rubbing ice flakes over your body from our ice fountain is the ideal way to cool down & relax before moving on in your BSpa journey. Different water effects such as tropical rain, mist, monsoon and cold waterfall from our experience shower combine with lighting options to deliver a multi-sensory encounter and maximise the health benefits.

The Himalayan Salt Room has a unique micro climate, which promotes respiratory wellness. Take a seat on one of the lounge or hanging chairs and inhale the pristine, salt-infused air, which can alleviate allergies, clear sinuses, and improve lung function.

Complete your journey in BSpa by relaxing with the warmth of real sunlight in our sunlight therapy room and enjoy a cocktail, pretending you are on the beach in Miami.

In BSpa, the sun always shines in our sunlight therapy room, which uses full spectrum lighting and infrared heat to replicate natural sunlight with reduced level UVA & UVB rays for a safe and enjoyable experience all year round. Imagine being on the beach bathed in sunlight, the temperature a steady 28 degrees with a cloudless sky. Stretch out on your own or with a group of friends and enjoy a few drinks as well as a bite to eat from our 1907 beach bar menu.

You can choose to add a visit to the [comfort zone] Tranquillity Meditation Room* to your journey, which features gentle warming waterbeds to restore and relax the body to a resting temperature in a quiet, cocooning environment. [comfort zone]'s Tranquillity aromatic formula promotes a deep sense of wellbeing. The iconic fragrance diffuses a unique and precious fragrance into the Meditation Room to create a pleasant, relaxing environment. Intense floral notes and the enveloping notes of sweet orange and cedarwood promote an immediate feeling of well-being and relaxation whilst you sink into a warming waterbed.

Put back a little of what life takes out and experience an indulgent escape within our life spa environment.
