

# *Sustainability Policy*

Burnham Beeches Hotel is committed to achieving best practice environmental and social sustainability and has partnered with Earth Check, the world's leading Benchmarking and Certification provider.

The design of the hotel's main function rooms and 80 rooms and suites reflects the romance of the 19th century English countryside. Fitness and wellness facilities offer relaxation and re-invigoration with 3 spa treatment rooms, an indoor swimming pool, a Jacuzzi, a sauna and a gymnasium, ' in addition to a series of food and beverage outlets open to the public.

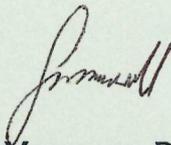

At Burnham Beech Hotel, we recognise the activities of our hotel have the potential for negative impacts on the environment and community if not properly managed. As such we have implemented an Environmental Management System that meets the requirements of the EarthCheck Company Standard.

Burnham Beeches Hotel is committed to continual improvement measured by way of annual Benchmarking Assessments. The team at Burnham Beeches Hotel strives towards minimising our footprint on the environment by implementing sustainable initiatives aimed at improving the hotel's performance, reducing the use of Energy and Water and the production of Waste.

Burnham Beeches Hotel will comply with all relevant legislation and regulations, and aims to achieve international best practice. We have appointed our Chief Engineer as the Earth Check Coordinator, who has responsibility for improving the Hotel's sustainable performance.

Special consideration will be given to employing and empowering local employees, and wherever possible sustainable products and services will be sourced locally in accordance with Fair Trade principles. We encourage staff to present our commitment to environmental and social sustainability to all key stakeholders including guests, suppliers and contractors.

Signed:

General Manager, Danka Groenewald, 7th March 2025
