

Holidays

Our teams enjoy 29 days holiday per annum, including bank holidays (salaried contracts). That's 28 days plus your birthday - as everyone deserves a day off on their special day!

Staying with us a while also has its perks... when you have been in the family for 5 years we like to reward you with an extra days holiday, plus an extra day off every year after that... giving you more time to jet-set off on that well deserved holiday.

5 years 1 day
6 years 2 days
