MYSTERY OF THE MAGICAL MAP

THE ADVENTURES OF
FROGGY AND FOXY

INTERNATIONAL CHILDREN'S
BOOK DAY

Froggy was hopping around the kids club when something crinkly caught his eye.

Look Foxy!

A treasure map?

Wow! It's a map... but with funny little symbols everywhere!

Or maybe... an adventure map!

Together, they carefully unrolled the paper. Twisty paths, strange icons, and tiny footprints led to mysterious spots all around the resort.

We have to follow it!

Yes! Let's see where it takes us

Froggy and Foxy followed the map to the first spot, the shimmering pool!

There's a riddle written right here!

It says...

Hmm... is it...
a star?

**I shine in the sky
during the day.
I keep you warm
and light your way.
What am I?**

Not quite! Maybe
the answer is
hiding in plain sight.

A green frog and an orange fox are standing by a swimming pool. The frog is on the left, and the fox is on the right. They are both smiling and appear to be in a playful conversation. The frog is holding its hands up to its mouth, and the fox is holding its hands up to its mouth. The background shows a blue swimming pool with yellow and pink floats.

Kids, can you guess the answer
before they do?

Yes! That's it!
The Sun!

I know!
It's the Sun!

Adventure
awaits!

Suddenly, a little sparkle appeared on the map,
showing the next location.

The map led Froggy and Foxy to a tiny garden filled with rainbow-colored plants and pebbles.

Wow! I've never seen flowers like these before!

We must water them!

Just then, something strange happened.

Did you see that?

I think the garden is trying to tell us something!

The plants rustled, and a small path began to appear. Together, they followed the map, ready for the next surprise.

As they followed the map,
Froggy and Foxy heard a soft
cheep, cheep!

Did you
hear that?

Oh no... a tiny baby
bird stuck between
the branches, it
looks scared.

We have to help,
but gently.

Slowly and softly, Foxy moved the branches aside. The baby bird fluttered free and chirped happily.

We did it!

Helping others is always the right choice.

A green frog and an orange fox are standing on a dirt path in a hedge maze. The frog is pointing towards the left. The fox is looking at the frog. There are several colorful Easter eggs (green, yellow, red, purple) scattered around the maze.

The map led Froggy and Foxy into a small hedge maze.

Uh-oh, which way do we go now?

Look! There are clues hiding everywhere.

And there's a blue triangle over there!

A bright red circle on one wall

Together, they followed the shapes, colors, and patterns along the path.

Left at the yellow square... right at
the red cricles!

We're
doing it
FOXY!

When we look
carefully and work
together, we always
find the way.

The maze slowly opened up, leading
them to their next adventure.

At last, Froggy and Foxy reached a big, friendly tree at the end of the path.

Look!

It's a small story chest

There's something sparkling at the roots!

Foxy opened it gently, and inside was a magical notebook.

A vibrant illustration of a green frog and an orange fox in a lush forest. The frog is sitting on a wooden chest, looking at a glowing book with a red cover and yellow pages. The fox is standing next to it, looking at the book with a surprised expression. The chest is open, and the book is glowing with golden light and sparkles. The background shows a forest with green trees and a blue sky.

Wow! We can draw,
write, and make our own
adventures... just like we
did today!

This is for everyone!
Kids can use it to
create their own
stories and imagine
new adventures.

Froggy and Foxy smiled at each
other, proud of their journey.

The best treasure,
is the fun we had and
the stories we can
share

And with hearts full of excitement,
they walked ready for the next
adventure to begin.

Froggy and Foxy left you their magical map!
Now it's your turn to follow the clues with your
friends.

Explore, have fun, and discover new adventures
along the way.

And remember, when you work together as a
team, every adventure becomes even more special!
