DEAR GUESTS

Myself and my wife Poppy, once again look forward to welcoming you to Glenapp Castle Hotel.

In previous years, we had the most wonderful time with families and new friends from all over the world enjoying the beauty, splendours and cuisine of the Relais and Châteaux hotel. With open fires in almost every room, the castle creates a perfect sanctuary amidst the elements of the Scottish winter.

Included in your festive stay with us at Glenapp are falconry displays, clay pigeon shooting, archery, curling and a treasure hunt for everyone to enjoy as they walk through our Glen and estate. Bring in the bells with us at New Year and join the party with pipers, ceilidhs, black ties and banquets and lots of fun with our ice curling competition and much more. Glenapp truly is a fairy tale castle with award winning cuisine and impeccable yet unobtrusive attention to detail. As you will see from online reviews, Glenapp enjoys the most extraordinary accolades from its guests who particularly enjoy the care and service often described as that of a bygone era and for whom Glenapp is considered more of a home than hotel.

We very much look forward to hosting you here this festive season.

Paul and Poppy Szkiller
Proprietors, Glenapp Castle

High above the dramatic Ayrshire coastline surrounded by forests and glens, historic Glenapp Castle is truly a place of nurture and excitement.

Our high expectations were greatly exceeded!

We knew Glenapp would probably be a very nice place to stay, but we did not expect the level of service we received. The castle is beautiful and the Christmas decorations were perfect. It is the staff that really made this stay wonderful. Everyone we interacted with was welcoming, friendly, and professional. They really went above and beyond in every aspect. This is definitely a 5-star place, but you feel relaxed and at home.

Glenapp Castle - A place to be inspired, reflect, recharge, and reconnect; where you will feel 'at home' whether you're travelling on your own or with a party of friends.

A photograph of a sunset over a lake. The sun is a bright yellow-orange circle on the left side, partially obscured by the dark silhouette of a tree. The sky is filled with horizontal bands of orange and red, with some wispy clouds. In the foreground, the dark silhouettes of several trees frame the scene. In the background, a calm lake reflects the colors of the sky, and distant mountains are visible on the horizon.

The whole experience truly blew me away - from the beautiful gardens, immaculate service, and breathtaking views to the exquisite meals and awe inspiring accommodation. I am not exaggerating when I say that Glenapp is hands down the best overall hotel experience I have ever had.

THE ENDEAVOUR

Introducing The Endeavour, the most opulent Penthouse Castle Apartment Suite in Scotland. Voted 'One of the Top 100 Suites in the World' by Elite Traveller 2023.

"It takes a bewildering 20 minutes just to view the place. The next morning, I'll time my walk from the master (suite) at one end of the apartment to the furthest bedroom where my son has chosen to take up residence, and it will take me one minute and six seconds. The Endeavour is enormous".
