## **DAYS INN HOTEL AT WELCOME BREAK WARWICK NORTH UNVEILS ALL-NEW MAKEOVER**

**25 July 2022** – Following feedback from customers, Days Inn Warwick North at Welcome Break Warwick North, has revealed brand-new hotel interior. New features include bedroom updates as well as bathroom, hallway and lobby renovations, bringing the hotel up to date for future guests.

The bathrooms at Days Inn Warwick North have been fitted with state-of-the-art energy and water efficient showers, toilets and tap fittings as well as LED lighting. The renovated bedrooms also feature new beds, desks, clothes hanging rails and bedding. Brand new TVs mean guests can wind down with their favourite programmes in the evenings and new mirrors make getting ready for those all-important meetings or nights out much easier.

Due to the increasing demand Welcome Break has seen in UK staycations, another change that Days Inn Warwick North has made with the refurbishments is a shift in room types. Some of the old twin rooms have been changed to double rooms to accommodate growing requests for couples and families travelling the country.

**John Bailey, Operations Director - Hotels at Welcome Break said:** *“We’re really excited to announce that our Days Inn Warwick North at Welcome Break Warwick North has been refurbished. We know that many families and couples are staying in the UK for their holidays, so we wanted to focus on our hotels to ensure travellers are happy. We also know that people travelling for business want comfortable surroundings at good value prices, so our updates reflect this.”*

Hotels included at Welcome Break motorway service areas include Days Inn and Ramada Hotels. Prices start from £24.99 for a one-night stay. For more information visit <https://hotels.welcomebreak.co.uk/>
