To earn these valuable points, you will need to complete some physical, creative, sporting, and brain teaser challenges. Split your team up so that individuals can utilise their skills to best effect and earn you maximum points, then off you go to the art shop to collect your goodies!

Once back at your team tables, you'll need to work together to recreate a selection of pictures onto your canvasses. But you'll also need to collaborate with other teams who are painting different parts of the 'big picture', so that yours align with theirs and the colours match! Masterpiece is the perfect event to encourage collaboration and communication with the added creative element.

Boxing gloves on, teammates cheering you on, you step into the arena. Your opponent? A mountain of colourful Smarties. Your mission? Sort them by colour with your clumsy punches. Hilarious? Impossible? You decide!

Master of the Tasks is an unforgettable experience that will have your team in stitches while desperately (and hilariously) attempting to complete each silly task. Competition exists, but this isn't every man (or woman) for themselves. It's teamwork, collaboration and maybe a little chaos that makes the magic happen.

To amplify the fun, we have a charismatic compere, your very own Taskmaster, keeping the energy buzzing and judging each round. Think witty commentary, themed music and visuals, you will be transported into a world of impossible possibilities.

INCLUDED IN THE EVENT:

- Game show host / taskmaster
- Multiple games & rounds
- Medal ceremony
- All props & equipment

The race begins to gather the items and, with a touch of creativity, the golf course comes to life.

Once teams have completed the sections, every team will play the full golf course and the teams with the lowest team score will be crowned the winners! All items are then collected and donated to the nominated charity.
