## **What other areas can children play?**

Guests will be given a map of the grounds on arrival. We have a large front lawn with a range of outdoor toys and activities, including a swing, trampoline, football, table tennis and colouring tree. The Hen House is our games room for older children with a pool table, mini football and air hockey table. At the back of our Walled Garden we have playhouses, along with our rabbits, chickens and ducks. At the far end of our front lawn, in our wood (The Copse) we have a mud kitchen. In our Long Room we have our Little Library with books for children of all ages. There are books and toys in the Long Room, Drawing Room and Blue Room.
