

Complete guarantee to make savings in excess of **10%** on your basket of products for Lynx customers

## Purchasing your office products has never been easier.

By choosing us as your office products partner, you will not only have a reliable source of supplies but the benefit of experienced business supplies management.

Whether you are a large business with several sites around the UK or a local SME, you can be assured that you are important to us. We offer the widest choice of over 25,000 stocked office products with options to meet every requirement, from well-known brands to our own extensive range, with no compromise on quality whatever your budget.

## Is your business struggling with spiralling print costs.

Does your business have a patchwork of printers and multi-function devices with little insight into what is being printed, where and by whom.

By investing in a managed print solution, you could see up to a 30% annual saving on printing costs. Additionally, it will also free up IT resource, see optimisation of existing hardware, have supplies delivered automatically, all with minimal disruption to your business.

## From design to supply, we provide bespoke workwear, corporate clothing, uniforms and PPE to businesses across the UK.

We have clients from various business sectors including leisure, hospitality, healthcare, retail, trade and construction. Our range includes a wide choice of high quality robust products to suit all budgets and roles. You can also personalise your workwear with your own brand identity making your workforce instantly identifiable.

## Achieve better outcomes with both printed communications and operational print

By choosing Complete as your print management partner, you not only have a reliable source of supplies but the benefit of experienced business supplies management, helping you to achieve your objectives with a service that's straightforward, fast and reliable.
