

Pressure Point

10 – 100+

1.5 – 2.5 HRS

INDOOR OR OUTDOOR

Guaranteed to energise and educate, Pressure Point is a high-octane activity that sees groups attempting to complete a variety of challenging physical and mental tasks, such as:

- Sarcophagus
- Power Outage
- Scales
- Triangulation

All of these tasks are designed to make individuals think about their immediate team and what their strengths and challenges might be. The activity tests physical prowess, communication, leadership and understanding of the task, and requires all of the team to work in collaboration in order to complete the objective successfully.

Pressure Point is intended to excite, refresh and motivate. After completion of all the tasks, an analysis of each of the group's individual successes is announced.

BOOSTS & BENEFITS
