The Boxing Day Chill

26 December 2025

Slow-paced, cosy, familiar – people are full of Christmas Day and just want good food and a relaxed afternoon. Think proper roasts, fires going, board games in the lounges...however, maybe not too roast dinner heavy as people may already have had their fill of meat, veg and gravy the day before!

Join us for a laid-back Boxing Day bite – from brunch to lunch, Festive Afternoon Tea to Dinner done right. We've got menus to suit all appetites (even if you're still recovering from Christmas Day feasting). Tables tend to fill up fast, so we'd definitely recommend booking ahead.

New Year's Day Brunch

1 January 2026

Ease into the new year with a leisurely all-day brunch – a laidback start to 2026 filled with good food, great company, and zero pressure to do anything too quickly. Whether you're staying the night after New Year's Eve or just popping in from nearby, it's the perfect excuse to extend the celebrations and start the year as you mean to go on: well-fed, well-rested, and maybe just a little bit spoiled.

Expect comforting classics, a few indulgent surprises, and something sparkling if the mood takes you. Because let's face it – resolutions can wait, but brunch can't.
