AMARETT-NO SOUR

Love Amaretto? Why not try a non-alcoholic one,

This is a concoction for those who like things a little sweet and a little sour, but always with a cherry on top. It's also a tad almondy, which rather throws out the whole sweet and sour analogy. Bother. Oh well. Onwards and upwards.

LORD CREWE ARMS APPLE APERITIF

The winner of the Calcot Collection mocktail competition,

Seedlip non-alcoholic gin mixed with Elderflower syrup, apple juice, fresh mint and cucumber.

ELDERFLOWER MOJITO

A different take on the classic virgin mojito, refreshing as always – this time with a hint of rose.

STRAWBERRY WORLD

A fresh composition of fresh strawberry,, lime and elderflower syrup, topped with Apple juice for freshness.

SINGAPORE FLING

A non-alcoholic twist on an all time classic. Combining pineapple, Argean Salcombe non alcoholic gin and cherries making a complex drink.

ABSTINENCE ON THE BEACH

To die for! Perfect mix of cranberry, orange juice with peach and coconut flavors.

MAHALO G!
